Happy New Year 2025!

Mission Printing has met our 2024 goal of preparing and shipping 5 ocean containers of sound religious material to Africa. God has blessed us again with hard working volunteers and faithful contributors to be successful in reaching our goal. This completes 56 ocean containers of printed material since 2009, to spread the gospel throughout Africa. With God's help in blessing us with the volunteers and the donors, we will be successful in completing 5 shipments in 2025. We continue to ship the 200 pound boxes to the Philippines and various mailings around the world.

I would like to thank all of the donors of good gospel material for our preacher box contents. They have helped many preacher students throughout Africa to be more effective in their efforts of reaching and teaching the lost. I have been very encouraged by the different brotherhood printing companies that have given sound materials for the preacher boxes. They are very popular with all the preacher students and active preachers in Africa.

Last year, I was invited to University Church of Christ, Tyler, TX; Woodland Oaks Church of Christ, The Woodlands, TX; New York Avenue Church of Christ, Arlington, TX and Sunset Church of Christ, Morenci, AZ to give update presentations about Mission Printing. Please call me at 972 977 3680, if you would like a MP presentation at your congregation.

We are now printing the first container of the year for Kenya, then approximately every 75 days we will be shipping another container, Lord willing. The preliminary 2025 schedule is Ghana, Zimbabwe, Liberia and Kenya again.

A sad note, Paul Gerber, one of our two distributors for Cape Town, South Africa passed away in November. Paul was very loving and conscientious about helping many people in difficult places receive our material for many years. He was a very dedicated volunteer for distributing Mission Printing material in southern Africa. May God bless his family.

The last shipment of 2024 contained 1,274 boxes of material in English, French and Arabic. It should arrive next month in Wotutu, Cameroon. Some of the French and Arabic material will be transported to Chad, a first for Mission Printing.
