

## Serving God's Servants

### TJI July, 2024 Report

The Jenkins Institute is blessed to work with preachers, elders, and churches around the world. We are able to be involved in this work because of the prayers, words of encouragement, and financial support of people like you. There is no way for us to express enough gratitude to you for your partnership in this work.

The month of June was another extremely busy month for us. We both have worked with a number of congregations who are looking for preachers. We love this aspect of our work.

Together we were blessed again to be a part of the Connect Conference in Nashville. We presented Preacher Therapy where we discussed Preachers relationships with other preachers in one session and preachers relationships with elders in another.

During June Dale went up to Alaska and taught for a few days at the Midnight Sun Camp. While there he preached for the church in Anchorage and the church in Sodatna and met with a number of the Alaskan preachers. Dale also preached for the Golden Strip Church in South Carolina, the Gundy Street Church in Tullahoma, TN, the Madison Church in AL, the Lomax Church in Hohenwald, TN, the Pleasant View Church in TN, and the Henderson Church in KY.

Jeff was blessed to preach in June for the Baker's Heights Church in Abilene, the Blossom Church in East Texas, the Azle Church in TX, and the Lawrenceburg Church in TN for a special Sunday. Jeff was richly blessed to speak a number of times at the Lake Tahoe Family Encampment in California and the Red River Family Encampment several times, which included leading early morning sessions especially for Preachers. He worked along side of our friend Bill Watkins in those sessions.

We rejoice that we are nearing completion of our largest writing project for each year. This year's daily devotional guide is titled **His Table** and each study is focused on the communion and the events surrounding our Lord's death, burial, and resurrection. A unique part of this year's book is a communion thought written by elders from around the country. Including the supplemental sermon outline book this year's project includes more than 150 different writers. We believe that this book will bless thousands of Christians around the world. The book will be ready for shipping by the end of the year. You can preorder in bulk of 20 or more at <https://forms.gle/9HEDRu4K4tiWFstd9> or to get your personal cope just text us at 972-861-2434. We believe this study will aid in tremendously spiritual growth for congregations. We'd encourage you to join others who are ordering a copy for each family or individual in their congregation. Those bulk orders are \$10 per book, plus shipping.

This month's word of encouragement is for our friend Dennis Stephen, who is an elder Elder at the Graymere Church in Columbia, TN. "Dale and Jeff Jenkins are using their extensive experience and love for the brotherhood to provide valuable resources to congregations who have a desire to be more effective in specific areas of local ministry. They are also dedicated to the encouragement of preachers with seminars, podcasts, newsletters, books, mentoring, and their website. The Jenkins Institute is all about 'Serving God's Servants.' We are proud to endorse and support this very important work."
