Serving God's Servants

TJI September, 2023 Report

Greetings to you all from The Jenkins Institute. In this month's Newsletter we would like to tell you a little about our three latest publications. During the month of September we published, "The Church Matters," which was written particularly for young adults. We believe this book, written by six authors would be a great gift that church leaders could make available for recent high school or college graduates. As many of our young people are entering college their faith might be challenged and it is during this time that many of them will make decisions for themselves about where they will worship and how they will live.

Our annual Bible Study guide is in the final days of editing and will be available for order within the next few weeks. This year's study guide, written by fifty-two authors is titled, "Meeting God's People." This book will be a great blessing for congregations to use in their Bible classes and for families to study in their homes. Numerous congregations will buy a copy for every family.

Last year we published a book for older Christians titled, "Joy for Senior Saints." It was well received and this year we are printing the second volume in this series, "Peace for Senior Saints." Each weekly devotional in this book is written by a preacher who is over fifty years of age. All of these books can be ordered through our website store (www.thejenkinsinstitute.com (<http://www.thejenkinsinstitute.com>)) or by contacting us directly (tji@thejenkinsinstitute.com (<mailto:tji@thejenkinsinstitute.com>)).

During the month of September we held BETTER Conferences Kanapolis, North Carolina and in Oklahoma at Pettijohn Springs Christian Camp. Our next BETTER Conference will be held as a part of the Faulkner University Lectureship Program in Montgomery, AL. We have been blessed to present around fifty of these where thousands of preachers have been encouraged in their work. If you would be interested in hosting one in your area please feel free to reach out to us.

We have both spoken for numerous congregations, worked with several elderships who are looking for preachers, and met with preachers on a daily basis.

We are excited about two new projects that we are working on for TJI, and we'll be sharing those with you in a future newsletter. As always, we are most grateful for your prayers, your encouragement, and your support. May God continue to bless you all in every way. If we can be of help to you, please feel free to contact us.

This month's word of encouragement comes from Wesley Ayers: "The Jenkins Institute is an absolute blessing to the brotherhood. As a direct recipient of their support and encouragement, I can personally attest to their constant giving of love and support."
